Curriculum Vitae

She was born in Mersin, graduated from METU Architecture in 2014. She worked as an architect at several offices in Ankara until completing her master's degree in 2018 at METU. She continued her academic studies on global urbanization and architectures of displacement at the same institution as a Ph.D. candidate until 2025. She conducted interdisciplinary drawing and visual expression workshops within the scope of institutions such as the Chamber of Architects, the Chamber of City Planners, and İKSV. She worked as a part-time instructor in the arts, design, and architecture faculties of several private universities. Since 2019, she has been providing professional graphic design, photography, and illustration services.
